Yorkshire County Council

## GUIDANCE ON DEVELOPING YOUR SCHOOL HEALTH AND SAFETY POLICY

### INTRODUCTION

#### What is a health and safety statement?

Your health and safety statement sets out how you implement NYCC health and safety policy, and how you manage health and safety in your school. It is a unique document that shows **who** does **what**; and **when** and **how** they do it.

**This is an example of a statement that you can use, fill in and keep in your school. However, you do not have to use this document or format. You are free to record and store the information in any form you choose. This format gives you an idea of the kind of information you need to record.**

#### Why do I need a health and safety statement?

The health and safety statement is your starting point in managing health and safety in the workplace. By law, Employers (i.e. the LEA in Community and Voluntary Controlled Schools, or the Governing Body of Voluntary Aided and Foundation Schools) must have a written policy on health and safety at work. Each school should also produce their own statement giving details of the arrangements for putting the employers' policy into practice.

Writing a health and safety statement is more than just a legal requirement – it is your commitment to planning and managing health and safety. It is the key to achieving acceptable standards, reducing accidents and cases of work-related ill health and it shows your employees that you care for their health and safety.

#### Who should do what?

The main responsibility for health and safety rests with the Local Education Authority, the Head Teacher and the Governing Body, although employees and the self-employed also have duties.

However, many day-to-day tasks may be delegated. Your statement should show clearly how these tasks are allocated, but remember that there is still ultimate responsibility on the LEA, Governors and Head Teacher.

Governors and Head Teachers should consult their staff (through safety representatives, if any) about the statement. Everyone should be able to see from the statement exactly who is responsible for different things, such as advice, reporting an accident, and first aid.

## **When and how should they do it?**

Your statement should describe your arrangements, i.e. the systems and procedures you have in place for ensuring employees' health and safety.

You may wish to refer to other documents e.g., schools' rules, safety checklists, LEA Circulars, training programmes, emergency instructions, etc. All employees may not need to see the other documents, but they must see the statement itself.

## **How often do I need to revise the statement?**

It should be reviewed and possibly revised in the light of experience, or because of operational or organisational changes. It is useful to review the statement regularly (e.g. annually).

## **Do I have to do anything else?**

Yes, you have other legal duties under other legislation. In particular, under the **Management of Health and Safety at Work Regulations 1999**, you have to assess the risks arising from your work activities and record the significant findings. You also have to record your arrangements for health and safety. There will also be other specific legislation that will apply.

**Remember: What you write into the statement has to be put into practice. The true test of a health and safety policy is the actual conditions in the workplace, not how well the statement is written.**

## **How to use this guidance**

This guidance is split into three parts. It contains a **statement of intent** to adhere to the employer's policy, as required by the **Health and Safety at Work Act 1974**. Then you can record your **organisational responsibilities** and your **arrangements** to ensure the health and safety of employees at your school. Notes are included alongside each section to help you. Some useful publications are listed in the notes and at the end of this guidance.

Health and Safety at Work etc Act 1974

**THIS IS THE HEALTH AND SAFETY STATEMENT OF**

**St Cuthberts C of E Primary School**

**Our statement of intent is:**

- Implement the requirements of NYCC's Health and Safety Policy;
- to make adequate arrangements for the health, safety and welfare of staff and pupils;
- to provide adequate control of health and safety risks arising from our work activities;
- to consult with our employees on matters affecting their health and safety;
- co-operate with the LEA in matters related to health and safety;
- to provide and maintain safe plant and equipment;
- to ensure safe handling and use of substances;
- to provide information, instruction, and supervision for employees;
- to ensure all employees are competent to do their tasks, and to give them adequate training;
- to prevent accidents and cases of work-related ill health;
- to maintain safe and healthy working conditions; and
- to review and revise this policy as necessary at regular intervals.

Signed: Miss L. Brammah

Headteacher

Signed: Mrs L.Greenwood

Chair of Governors

Date: 20/10/2016

Review date: 20/10/2017

# HEALTH AND SAFETY POLICY

## RESPONSIBILITIES

Overall responsibility for health and safety within the school is that of: **NOTE**

**Miss L.Brammah (Headteacher)**  
**Mrs L Greenwood (Chair of Governors)**  
**Richard Light (H&S Governor)**

Insert the name of the Headteacher and the Chair of Governors, (or the Governor with responsibility for health and safety).

Day to day responsibility for ensuring this policy is put into practice is delegated to:

**Mrs A Lumley (Business Manager)**  
**Mrs R Holmes (Senior Teacher)**

If the Headteacher is not always there, or does not have time to manage on a day-to-day basis, you can delegate this role to someone else, e.g. Deputy Headteacher, Head of Year and Premises Officer etc. Ensure that the person with overall responsibility is kept informed of health and safety matters – it will still be their overall responsibility

To ensure health and safety standards are maintained/improved, the following people have responsibility in the following areas:

**Name: Mr R Light**  
**Responsibility: Health & Safety Governor**

Delegate functions to people within your organisation either by specific areas within the workplace or by topic. Include their specific responsibilities in their job descriptions (if they have one).

Ensure that they are competent to undertake their health and safety responsibilities and have adequate resources to enable them to do their job properly.

It is important that responsibilities are clearly set out – this will make sure that if there are any health and safety concerns they can be reported to the right person, so they can be dealt with.

You may wish to insert a diagram or chart showing your management structure/arrangements.

**Specific responsibilities for head teachers, managers, heads of departments and staff can be found in Section 1 of the Children and Young People Service Health and Safety Policy and Guidance Handbook 2012 which can be found in:**

**The Main office**

Employees have legal responsibilities to take care of the health and safety of themselves and others, and to co-operate with management to help comply with the law.

Equally, if employees have any concerns over health and safety issues, they should be clear about whom they should tell, so that concerns can be addressed.

**All employees have to:**

- **co-operate with supervisors and managers on health and safety matters;**
- **not interfere with anything provided to safeguard their health and safety;**
- **take reasonable care of their own health and safety; and**
- **report all health and safety concerns to an appropriate person (as detailed in this policy statement).**

# ARRANGEMENTS

## HEALTH AND SAFETY RISKS ARISING FROM OUR WORK ACTIVITIES

### NOTE

**Risk assessments will be undertaken by:**

**Miss L.Brammah, Mrs A Lumley and the staff member undertaking activity**

You must assess risks to the health and safety of anyone who may be affected by your work activities, so that you can weigh up whether you have done enough or need to do more to comply with the law.

**The findings of the risk assessments will be reported to:**

**All staff**

You will find some examples of key areas that you should consider, at the end of this guidance.

**Action required to remove/control risks will be approved by:**

**Miss L.Brammah, Mrs A Lumley and the staff member undertaking activity**

You will need to involve a number of different people including your safety representatives and employees, to do the risk assessments.

You will need to record the significant findings of your risk assessments in a separate document. Your policy statement only records your arrangements for ensuring the assessments are done, and are kept up to date.

**The person responsible for ensuring the action required is implemented is**

**Miss L.Brammah, Mrs A Lumley and the staff member undertaking activity**

Once you have done your risk assessments, you must take the necessary action to remove or reduce the risk as far as is reasonably practicable.

**Checks that the implemented actions have removed/reduced the risks will be carried out by:**

**Miss L.Brammah, Mrs A Lumley and the staff member undertaking activity**

You can find more guidance in HSE's free leaflets for example:

- Five steps to risk assessment INDG163 (rev1) 1998
- A guide to risk assessment requirements: Common provisions in health and safety law INDG218 1996

HSE Books Tel: 01787 881165.

[www.hsebooks.co.uk](http://www.hsebooks.co.uk)

[www.hse.gov.uk](http://www.hse.gov.uk)

**Assessments will be reviewed every:**

**In the event of an accident and annually or when the work activity changes, whichever is soonest.**

Your **NYCC Safety Risk Adviser** will provide help and guidance on risk assessment and where applicable, the use of the Schools Health and Safety Risk Management Service risk assessment software package.

# ARRANGEMENTS

## CONSULTATION WITH EMPLOYEES

**Employee Representative(s) are:**

**NOTE**

You must consult your employees.

N/A

If you recognise a trade union and that trade union has appointed a safety representative, you must consult them on matters affecting the employees they represent.

If you do not have trade unions, you must consult employees, either directly or through an elected representative.

You may to use your works committee or another meeting as a forum for consultation.

**Consultation with employees is provided by:**

If you have a health and safety committee, you could list what it does, who is on it and how often it meets

Agenda item on staff weekly meetings

Staff briefing and notice board

Email

# ARRANGEMENTS

## SAFE PLANT AND EQUIPMENT

Identifying equipment/plant, which will need maintenance is the responsibility of:

Miss L.Brammah  
NYCC/ CPLU/JACOBS  
NYCC Cleaning & Caretaking  
NYCC Catering  
NYCC Grounds Maintenance

Ensuring effective maintenance procedures are drawn up is the responsibility of:

Miss L.Brammah  
NYCC/ CPLU/JACOBS  
NYCC Cleaning & Caretaking  
NYCC Catering  
NYCC Grounds Maintenance

The person responsible for ensuring that all identified maintenance is implemented is:

Miss L.Brammah  
NYCC/ CPLU/JACOBS  
NYCC Cleaning & Caretaking  
NYCC Catering  
NYCC Grounds Maintenance

Problems with plant/equipment should be reported to:

Miss L.Brammah  
NYCC/ CPLU/JACOBS  
NYCC Cleaning & Caretaking  
NYCC Catering  
NYCC Grounds Maintenance

Checking plant and equipment health and safety standards before purchase is the responsibility of:

Miss L.Brammah  
NYCC/ CPLU/JACOBS  
NYCC Cleaning & Caretaking  
NYCC Catering  
NYCC Grounds Maintenance

### NOTE

You will need to ensure that all plant and equipment (e.g. ladders, electrical equipment, machinery guarding) that requires maintenance (e.g. checks, servicing, thorough examinations) is identified and that the maintenance is done.

It may be worthwhile using a logbook to record the maintenance checks.

When buying new or second hand plant and equipment, you must check it meets health and safety standards before buying it.

You can find more guidance in HSE's publication:

- Buying new machinery INDG271 1998

# ARRANGEMENTS

## SAFE HANDLING AND USE OF SUBSTANCES

**Identifying substances which need a COSHH assessment is the responsibility of:**

Miss L.Brammah  
NYCC/ CPLU/JACOBS  
NYCC Cleaning & Caretaking  
NYCC Catering  
NYCC Grounds Maintenance

**The person(s) responsible for undertaking COSHH assessments is/are:**

Miss L.Brammah  
NYCC/ CPLU/JACOBS  
NYCC Cleaning & Caretaking  
NYCC Catering  
NYCC Grounds Maintenance

**Ensuring that all actions identified in the assessments are implemented is the responsibility of:**

Miss L.Brammah  
NYCC/ CPLU/JACOBS  
NYCC Cleaning & Caretaking  
NYCC Catering  
NYCC Grounds Maintenance

**The person responsible for ensuring that relevant employees are informed about COSHH assessments is:**

Miss L.Brammah  
NYCC/ CPLU/JACOBS  
NYCC Cleaning & Caretaking  
NYCC Catering  
NYCC Grounds Maintenance

**Checking that substances can be used safely before they are purchased is the responsibility of:**

### NOTE

You must assess the risks from all substances hazardous to health. These are known as Control of Substances Hazardous to Health (COSHH) assessments.

You should do assessments on all substances you use (e.g. adhesives, paints, cleaning agents, solvents) and substances generated from work activities (e.g. dust, fume, vapour)

Your assessment should identify any health risks. If there is a risk, you should take steps to remove or control the risk.

You can find more guidance in:

- HSE's COSHH: A brief guide to the regulations INDG 136 (rev1) 1999 (free);
- COSHH essentials: Easy steps to control chemicals HSG193 1999 ISBN 07176 2421 8
- General COSHH Approved Code of Practice, Carcinogens ACOP and Biological Agents ACOP L5 1999 ISBN 0 7176 1670 3.

Miss L.Brammah  
NYCC/ CPLU/JACOBS  
NYCC Cleaning & Caretaking  
NYCC Catering  
NYCC Grounds Maintenance

Assessments will be reviewed every  
In the event of an accident and  
annually or when the work activity  
changes, whichever is soonest.

## ARRANGEMENTS

### INFORMATION, INSTRUCTION AND SUPERVISION

The Health and Safety Law poster is  
displayed at:

School office

#### NOTE

The Health and Safety Information for  
Employees Regulations 1989 require employers  
to display a poster (or to provide leaflets) telling  
employees what they need to know about health  
and safety.

Health and safety advice is available  
from your NYCC Safety Risk Adviser:

Mike Brown 07814 889521

You are required to have access to competent  
advice, either in house or, if not available,  
external.

Supervision of young workers and  
trainees will be arranged/  
undertaken/monitored by:

Miss L.Brammah

If you have young workers and/or take on  
trainees or students on work experience, you will  
need to ensure that they are properly instructed  
and supervised.

You must also do specific risk assessments for  
young people – you need to take account of  
their inexperience, lack of awareness of risks  
and immaturity.

Ensuring that our employees  
working at locations under the  
control of other employers, are given  
relevant health and safety  
information is the responsibility of:

If your employees go to work for another  
employer on your behalf e.g. on secondment  
you will need to check that they are given  
relevant health and safety information for that  
location by that employer/company.

N/A

# ARRANGEMENTS

## COMPETENCY FOR TASKS AND TRAINING

**Induction training will be provided for all employees by:**

**Miss L.Brammah and Mrs A Lumley**

### NOTE

All employees must be given health and safety induction training when they start work. This can be combined with other useful information (e.g. pay, leave and hours of work). It needs to cover basic health and safety such as first aid and fire safety.

**Job specific training will be provided by:**

**NYCC training dept.  
Miss L.Brammah  
Contracted training agencies  
School HandS team**

Employees will need job-specific training, which includes the health and safety aspects of the job.

You also have to provide health and safety training for people when risks change, or periodically, e.g. if skills do not get used regularly.

**Specific jobs requiring special training are:**

Some jobs will require additional special training (e.g. manual handling, driving etc.)

**Asbestos/Legionella training**

You may wish to refer to your school development plan. It is important to keep records of training (even training you have provided in-house) to show that employees have received training.

**First Aid training**

**Fire Awareness training**

You should monitor the training records, so that refresher training is given when necessary

**Safe ladder use**

NYCC Education Service has a commitment to provide health and safety training to Headteachers, Governors and Lead Officers etc. For further details of the courses available please contact: **EDA CYPS 01609 532864**

**Manual handling  
Educational Visit Training**

- **Dominic Passman – SCHOOL HANDS SERVICE 01609 532545**

**Training records are kept at/by:**

**In Health & Safety Management file in office**

**Training will be identified, arranged and monitored by:**

**Miss L.Brammah and Mrs A Lumley**

## ARRANGEMENTS

### ACCIDENTS, INCIDENTS, FIRST AID AND WORK-RELATED ILL HEALTH

Health surveillance is required for employees doing the following jobs:

Display screen assessments for computer operative.

Health surveillance will be arranged by:

Miss L. Brammah and Mrs A Lumley  
NYCC Occupational health dept.

Health surveillance records will be kept by/at:

In Health & Safety Management file in office

The first aid box(es) are kept at:

School Office  
Kitchen  
EYFS Classroom  
Educational Visits Packs x3 in office

The appointed person(s)/first aider(s) is/are

(First Aid at Work)  
Mrs A Lumley  
Mrs J Hardcastle

(Paediatric)  
Mrs J Beecroft  
Mrs J Hardcastle  
Mrs D Issitt  
Mrs J Fearnley  
Mrs L Atkinson

Emergency First aid At Work  
Mrs J Fearnley  
Mrs A Simpson  
Mrs L Atkinson  
Mrs D Issitt

#### NOTE

Employees must receive health surveillance for certain work (e.g. work with lead, chrome, asbestos, noise, isocyanates and some chemicals). This will identify any health problems early on so that action can be taken before an employee's condition worsens.

- Refer to NYCC Occupational Health - 01609 785780

Your COSHH assessments should identify all areas and the type of health surveillance needed.

Your records should contain details of the employees, the health surveillance procedures, dates and conclusions. The health care professional doing the surveillance will hold the actual medical records, as these are confidential.

Providing immediate first aid can prevent minor injuries becoming major ones.

As a minimum you must have a first aid box and an appointed person to take charge of first aid requirements. You can find more information in HSE's free leaflets:

- First aid at work – your questions answered INDG214 1997
- Basic advice on first aid at work INDG215 (rev) 1997.

Recording accidents (even minor ones) means you can see whether you have a problem in a particular area

You must report accidents to:

**NYCC Education Service Safety Risk Adviser 01609 532589.** Follow the procedures outlined in your Education Service Health and Safety Policy and Guidance Manual.

All accidents and cases of work-related ill health are to be recorded in the accident book. The book is kept

In the office

The person responsible for reporting accidents, diseases and dangerous occurrences to the NYCC Education Health and Safety section is:

Miss L.Brammah

## ARRANGEMENTS

### MONITORING

To check our working conditions, and ensure our safe working practices are being followed, we will Undertake:

Legionella testing  
Asbestos inspection  
Termly governors H & S inspection  
School Hands Service Inspection  
PAT testing  
Fixed appliance electrical testing  
NYCC/ CPLU/JACOBS Premises inspection (Five Yearly)  
Prioritised programme of risk assessment  
NYCC/ CPLU/JACOBS boiler room annual inspection  
Pest control  
Sports and Gym equipment maintenance  
Lightning conductor maintenance  
Fire Fighting Equipment (Walker Fire Ltd)  
Fire Alarms (Protec)

#### NOTE

You must be able to show that you are checking working conditions and systems of work, i.e. that you are monitoring health and safety.

You can do this both actively and reactively, i.e. before and after something goes wrong.

**Actively** - you or other appointed person can carry out inspections, have reports submitted to you by managers, do spot check visits, safety representative inspections, etc.

Trade union safety reps have the right to carry out inspections and investigate accidents.

**Reactively** - you can investigate any accidents or sickness absences that occur.

The person responsible for investigating accidents is:

Miss L.Brammah

Investigating accidents is a useful way of reviewing your safety systems – ask yourself why the accident really happened and what you can do to stop it happening again.

The person responsible for investigating work-related causes of sickness absences is:

Miss L.Brammah  
NYCC Health and Wellbeing

Similarly, if you have a number of employees absent because of similar ailments, this might mean there is a problem with their jobs causing ill health.

---

The person responsible for acting on investigation findings to prevent a recurrence is:

Miss L.Brammah  
NYCC Health and Wellbeing

When you find out what went wrong – put it right.

## ARRANGEMENTS

### ASBESTOS RISK MANAGEMENT

The Responsible Officer for asbestos management is:

Miss L.Brammah or Mrs A Lumley

The Asbestos Risk Management file is kept in:

Admin Office

Site plans showing the location of asbestos containing materials (ACM's) are kept in:

Admin Office

Ensuring that contractors are made aware of the location of ACM's and that they sign the relevant permit to work is the responsibility of:

Miss L.Brammah and Mrs A Lumley

Asbestos risk assessments will be undertaken by:

Miss L.Brammah or Mrs A Lumley

#### NOTE

**Responsible Officer** - All schools must have a Responsible Officer to oversee the management of asbestos risk. This will usually be the Headteacher.

**Policy and Procedure** - The yellow 'Asbestos Risk Management' file outlines NYCC policies and procedures for managing of risk arising from asbestos containing materials (ACM's)

**Surveys** - A type two survey of the premises should be available, with the location of ACM's identified on a site plan.

A type three survey must be undertaken before any invasive construction/demolition work commences, unless it is absolutely certain that no ACM's are present in the work area.

**Contractors** - The location of ACM's indicated on the plan must be brought to the attention of all contractors coming on site. The permit to work confirming this fact must be completed by the contractor before work commences.

**Risk Assessment and Inspection** - A risk assessment must be undertaken for all known ACM's. The level of risk will depend on the type of material, its location and its condition. Using the algorithm attached to the survey a visual inspection programme of ACM's must be set up. The risk assessment will help you to establish the necessary frequency of visual inspections.

Visual inspections of the condition of ACM's will be undertaken by:

Mrs A Lumley  
Mr R Light

Records of the above inspections will be kept in:

Admin Office

**Emergency Action** - The 'Asbestos Emergency Action Plan' should be readily available and brought to the attention of all staff.

- If in doubt always seek immediate advice from your NYCC/ CPLU/JACOBS area maintenance office:

Scarborough: 01723 508410

Harrogate: 01423 568444

Northallerton: 01609 785718

## ARRANGEMENTS

### LEGIONELLOSIS MINIMISATION

#### NOTE

The nominated Site Manager under the NYCC Legionnaires Disease Risk Management Policy is:

**Site Manager** - The Directorate will nominate Site Manager. This will normally be the Headteacher.

Miss L.Brammah

Risk assessments detailing on-site tasks for the minimisation of Legionellosis risk are kept in:

**Risk Assessment** - will be undertaken by Hertel (UK) Ltd. Documentation will then be provided to schools detailing any requirements for on-site monitoring/control tasks (typically temperature recording and flushing).

School Management File in the Main Office

**Site Operator** - The site manager may nominate a member of staff (the site operator), to carry out the on- site tasks set out in the risk assessment.

The person responsible for carrying out the on-site tasks set out in the above assessments is:

**Records** - Records of the on-site tasks must be maintained for monitoring purposes.

Mr D Burrells NYCC Caretaker

**Changes** - to water systems which may effect the level of risk, must be notified to the -

Record showing that the above on-site tasks have been undertaken are kept in:

- NYCC/ CPLU/JACOBS Legionella Monitoring Officer  
01609 785710

School Management File in the Main Office

**Advice** – Further advice is available from the above and in the NYCC Environmental Services publication 'Water Services Hygiene'.

# ARRANGEMENTS

## WORK AT HEIGHT

All work at height in the school must be authorised by:

Miss L.Brammah

Risk assessments for working at height are to be completed by:

Miss L.Brammah  
and all members of staff

Equipment used for work at height is to be checked by and records kept in:

Mr D Burrells (NYCC Caretaker)	School Management File
-----------------------------------	---------------------------

Training records for persons carrying out work at height are kept:

School Management File

### NOTE

**Authorisation** - A designated duty holder should be responsible for authorising work at height in the school.

**Risk Assessments** - must be in place for all tasks involving work at height were there is a significant risk of injury. These assessments may be generic for repetitive tasks

**Equipment** - A competent person must periodically check all equipment used for work at height. Documentary evidence of checks should be maintained.

**Training** - should be undertaken by all persons carrying out work at height. As a minimum, relevant staff should be briefed using the HSE 'A Toolbox Talk on Ladder and Stepladder Safety'.

You can find more guidance in the following HSE publications:

- Safe Use Of Ladders And Stepladders (an employers guide) INDG402 ISBN 07176 6105 9
- A Toolbox Talk on Ladder & Stepladder Safety INDG403 ISBN 07176 6106 7
- Tower Scaffolds CIS10(rev4)

**Further advice on work at height can be obtained from your NYCC Safety Risk Adviser**

# ARRANGEMENTS

## EDUCATIONAL VISITS

**Off-site educational visits must be authorised by:**

**NYCC, Miss L.Brammah and in some cases the Governing Body.**

**The Educational Visits Co-ordinator(s) is/are:**

**Mrs R Holmes**

**Risk assessments for off-site visits are to be completed by:**

**All staff**

**The Guidelines for Educational off-site Visits for Schools are kept in:**

**School Office**

**Details of off-site activities are to be logged onto the NYCC database by:**

**Mrs A Lumley  
Trip leaders**

### NOTE

**Authorisation** - A system must be in place to ensure no parties leave the school without the appropriate authority.

**EVC** - All schools must appoint an Educational Visits Co-ordinator to support visit organisers and ensure that the NYCC Guidelines are followed

**Risk Assessment** - must be in place for all off-site visits These assessments may be generic for certain activities such as coach transport but must be site specific with regard to the hazards present at a given venue.

**NYCC Guidelines** – A copy of the off-site visits code of practice and guidelines must be available in the school.

**Database** – All off-site visits must be logged onto the NYCC notification database, either as part of a rolling programme, or as an individual visit.

- **Further advice can be obtained from the Educational Visits Consultant based at County Hall  
Tel: 01423 711287**

# ARRANGEMENTS

## EMERGENCY PROCEDURES – FIRE AND EVACUATION

**The person responsible for ensuring that the fire risk assessment is undertaken and implemented is:**

**Miss L.Brammah and Mrs A Lumley**

### NOTE

You must carry out fire risk assessments, in the same way as you do general health and safety risk assessments.

For escape routes, extinguishers and alarms, you should state who checks, how often and where they are based.

**Escape routes are checked by/every:**

You need a routine in case of fire or emergency evacuation. You should test your alarms and emergency evacuation procedures regularly.

**Daily**

**All staff**

An emergency evacuation drill should be carried out each term and records maintained indicating that this has been done

**Fire extinguishers are maintained and checked by/every:**

**Walker Fire Ltd**

**Quarterly**

**Alarms are tested by/every:**

**Caretaker**

**Weekly**

**Emergency evacuation will be tested:**

**Termly**

**The Security Co-ordinator is:**

**N/A**

## APPENDICES

List here any other policies relevant to health and safety and state where they are located. *E.g. Medicines Policy, Educational Visits Policy etc.*

**Lone Working Policy located in the School Management File kept in Head's Office**

**First Aid and Medicines Policy located in the School Management File kept in Head's Office**

**Fire Safety Policy located in the School Management File kept in Head's Office**

**School Events Policy located in the School Management File kept in Head's Office**

**School Lettings Policy located in the School Management File kept in Head's Office**

**Snow and Ice Policy located in the School Management File kept in Head's Office**

**Missing Child Policy located in the School Management File kept in Head's Office**

**Use of Chemicals Policy located in the School Management File kept in Head's Office**

**Midday Supervision Policy located in the School Management File kept in Head's Office**

**Use of Sunscreens Policy located in the School Management File kept in Head's Office**

## SOME KEY AREAS OF RISK

- Asbestos
- Chemicals
- Confined Spaces
- Construction work
- Contractors on site
- Display Screen Equipment (VDUs)
- Educational visits
- Electricity
- Excavations
- Falling objects/collapsing structures
- Fire and Explosion
- Legionella
- Machinery (including guarding)
- Manual Handling
- Noise
- Pressure Systems
- Radiation
- Slips, trips and falls
- Stress
- Substances hazardous to health
- High & low temperatures
- Transport
- Vehicles on site
- Vibration
- Violence to staff
- Work equipment
- Work-related upper limb disorders
- Working alone
- Work at heights
- Working environment

These are just some examples of key areas; this is not an exhaustive list. Look around your school to identify other risk areas. If any risks apply to your work activities, you will need to do risk assessments to check that you have removed or reduced the risk.

## FURTHER GUIDANCE

There are many free health and safety leaflets and guidance booklets and priced publications available from:

HSE Books Tel: 01787 881165  
HSE Book Website: [www.hsebooks.co.uk](http://www.hsebooks.co.uk)

Health and Safety Information Services  
Infoline Tel: 08701 545500  
HSE Website: [www.hse.gov.uk](http://www.hse.gov.uk)

## FURTHER INFORMATION

Further advice on completing this health and safety policy document is available from your Safety Risk Adviser or contact:
