## Newsletter

Friday 11th May 2018

We hope you all enjoyed the glorious Bank Holiday weekend and managed to catch some of the Tour de Yorkshire. Pateley Bridge certainly had an amazing atmosphere and was described as "Perfect Pateley" by TDY!

Year 1/2 had a fabulous day at Skipton Castle last Friday. We learned all about the different rooms and people who had lived there. We shot arrows and even got put in the dungeon! Thank you Mrs Thomas and Miss Johnson who came with us on their day off and also Miss Addis from FEL who came along to help.

To help our wellbeing Year 5/6 enjoyed a taster session of guided meditation. We were especially fascinated by the wide array of unusual instruments used as an accompaniment. We are planning to continue this during the Summer term.

The following clubs have now started at Riverside Hall Scout Hut on a Wednesday—for more information contact Rebecca at [futurestarspb@gmail.com](mailto:futurestarspb@gmail.com) or on 07967194617

- 4-4.45pm Teeny Boppers (3-6yrs) £5
- 4.45-6.45pm Triple Threat Musical Theatre (6-13yrs) £10
- 7-7.45pm Adult Dancercise £5

**Tuesday 12 June**—Class group photos  
**Thursday 14 June**—9am-midday Sports Day... if the weather is poor then it will be on Thursday 28 June 9am-midday instead.

### E safety pupil agreement

This week the children will be bringing home our new federation E safety pupil agreement. The importance of children understanding how to use technology in a safe way is crucial and the earlier we can help children to understand this the better. This is a good opportunity to have a chat with your child about their use of the internet at home and to sign the agreement together. Please return the agreement at your earliest convenience. In the near future we will be holding an information event for parents - what you need to know now and perhaps more importantly what you need to do in preparation for your adolescence. One of our parents has kindly offered to share their experiences at this event. He feels there is so much more he wishes he'd done when his daughter was Primary age to prevent what happened to his Year 8 daughter. It has certainly made me think long and hard about the way my step daughter accesses the internet though her phone and tablet at home.

Lunch being served in the Hall is going very well, all the children have been very well-behaved

and adjusted very quickly to the new arrangements. Nursery children are also enjoying the opportunity to have a hot lunch.

Miss Johnson has started a crochet club for Year 5 and 6 children on a Thursday lunchtime, which has proved very popular. It is definitely testing our growth mind-set and perseverance!
