

## Year 3/4 Autumn 1 - Homework Grid

Your challenge is to complete some of the activities below. Complete activities from different columns to try something new!

Ask Miss Holstein if you have any questions.

|   |   |  |  |
|---|---|--|--|
| Write 5 questions that you would ask someone who lived in The Stone Age.  | Write a time travel story about a character who travelled back to The Stone Age.  | Write a poem about a Stone Age animal, in the shape of that animal.  | Create your own version of Stonehenge anyway you wish!   |
| Take a photograph of yourself reading your favourite book.<br><i>(Miss Holstein can help with this)</i>                                       | Create and draw a plan of a Stone Age meal.<br>What kind of foods did they eat?   | Create a comic strip showing the story of a book you have read.  | Design your own Stone Age shelter. Think about the materials they would have been able to gather.                              |
| Learn a new times table by heart. Ask an adult to test you.   | Write a book review about a book you are reading.                                 | Create a Stone Age quiz of fun facts. Remember to have the answers!  | Create a travel leaflet about the Stone Age aimed at Time Travellers.  |
| Find 3 different stones and order them from lightest to heaviest. Is the heaviest the biggest? Write down each weight in grams and kilograms. | Create yourself as a Stone Age person.  | Be a reporter. Interview a friend or family member about what they know about the Stone Age. How could you present this? | What makes a good team? The Stone Age people lived in small communities, how do you think they got along well with each other? |
| When shopping, find the cost of something delicious. How much would it be for 4 or 6 of that food?  | Design a cave that you would like to live in. Remember to label with reasons why. | How many different types of rocks can you find where you live? Can you identify them?                                    | Find out how tall some of the rocks are at Stonehenge. Write them down using different scales (1m 81cm / 181cm / 1810mm)       |
