

# Year 5/6 Learning Letter Summer 2018

Dear Parents,  
I hope you all had an enjoyable Easter break,

## **Learning this term:**

During the next few weeks we will conclude our study of Ancient Greece, finishing our Greek pots and completing our class novel 'Shadow of the Minotaur.

In Design Technology we will learn about pulleys and gears before making our own fairground models using circuits, switches & motors to make them move. Our science this term will focus on materials (including their properties & how they can be separated & changed).

In RE we will be studying World Religions and plan to visit a place of worship from another religion after half term to link with this RE unit.

## **Year 6 SATS**

These take place the week beginning the 14th May. Please see the separate letter containing the test timetable, timings of toast club and details of a Parents meeting with a tear off slip to return.

## **P.E. Changes**

After half-term, we will be taking Year 5/6 swimming at Nidderdale Pool on Tuesday afternoons for the remainder of the term. (Separate letter to follow)

**Homework** will continue to be given, as last term. We do appreciate your involvement with homework & it does make a significant difference to your child's progress.

Any photographs, resources or expertise linked to any of topics, or help walking to & from swimming, would be much appreciated.

If you have any questions please do not hesitate to come & chat with me. Thank you for your continued support with homework etc.

Yours sincerely,

Mrs R Holmes

### **Key Dates**

April 26	Y6 Parents SATs meeting 3.30
